

MACHINING

Award: Certificate of Completion

Additional Program Information: <https://www.brcc.edu/continuinged/machining/>

Do you like working with your hands and admiring a finished product at the end of the day? Try our hands-on machining course to see if a career in precision machining is the right fit for you. Courses meet National Institute for Metalworking Skills (NIMS) standards and prepare students to take NIMS credential tests, administered onsite.
