

TRANSFERRING TO A 4-YEAR COLLEGE

Blue Ridge Community College values the educational partnerships that have been developed with many of Virginia's four-year colleges and universities. As a result of these partnerships, BRCC graduates have a variety of options which allow them to transfer college credits earned at BRCC while working toward their associate degrees and apply them to a baccalaureate degree.

Virtually all Virginia public four-year colleges and universities are in compliance with the State Policy on Transfer. This policy states that "students who have earned an associate degree based upon a baccalaureate-oriented sequence of courses should be considered to have met the lower-division general-education requirements of senior institutions. These students will be considered to have attained junior standing (typically defined by credits completed at the senior institution). It may, however, take transfer students longer than two years to complete the baccalaureate because of prerequisites in the major or other requirements or circumstances." At Blue Ridge Community College, this policy applies to graduates of the Associate of Arts and Sciences (A.A. & S.) degree in the College/University Transfer Program and the Associate in Science (A.S.) degree (including the Associate in Science, Engineering and Computer Science specializations). Blue Ridge Community College also has more specific guaranteed admission and articulation agreements with a number of Virginia's senior institutions. Visit the College Advising Center or the Student Services website at <https://www.brcc.edu/academics/programs/transfer/> for further information about these agreements.

Bridgewater College

A transfer advisor from Bridgewater College offers office hours weekly at BRCC. Visit the Transfer Advisor page, <https://www.brcc.edu/services/advising/transfer/transfer-advisors/>, for additional information.

Eastern Mennonite University

A transfer advisor from Eastern Mennonite University offers office hours weekly at BRCC. Visit the Transfer Advisor page, <https://www.brcc.edu/services/advising/transfer/transfer-advisors/>, for additional information.

James Madison University

Eligible students seeking a Bachelor's degree typically complete the first two years of college course work at Blue Ridge Community College. JMU offers guaranteed admission to qualified BRCC students. To assist students in the transition, a detailed academic advising guide has been created for students transferring into JMU programs.

Visit the Transfer Advisor page, <https://www.brcc.edu/services/advising/transfer/transfer-advisors/>, for additional information.

Mary Baldwin University

Mary Baldwin University (MBU) offers flexible learning options with on campus, online, and hybrid classes. In addition to the online program option for all BRCC students, MBU has a traditional co-ed residential program that accepts up to 66 transfer credits from BRCC and offers scholarship opportunities. Students may choose from over thirty majors including RN to BSN, business, criminal justice, social work, health care administration, and teacher certification. Graduate degrees are also offered in Business, Education, Health Care Administration, Health Sciences, and MSN in Nursing including Masters in Physician Assistant, Doctorate in Physical Therapy, Doctorate in Occupational Therapy and DNP in Nursing.
