

CAMPUS SECURITY AND EMERGENCY INFORMATION

Campus Crime Report

The College's annual Crime Statistics Report is available at <https://www.brcc.edu/public-safety/clery-report/>.

Emergency Procedures

If a serious accident or injury has occurred, any faculty, staff, student or visitor witness should call 9-911 from a campus phone (or 911 from a cell phone). The witness to the emergency should then follow the internal reporting procedure outlined below and contact Public Safety to respond.

Internal Reporting Procedure

All injuries, accidents and emergencies are to be reported to the Public Safety Department by dialing 540-453-2503 and/or the Public Safety Officer on duty by dialing 540-453-2370 and providing the person who answers with a description of what has occurred. The incident report form can be found at Incident Report (https://cm.maxient.com/reportingform.php?BlueRidgeCCVA&layout_id=0).

Please note: The College is not equipped to provide medical services on campus. However, a first aid kit has been placed in each building, laboratory and shop, in the Student Services reception area, and in the Business Office. Portable electronic defibrillators are located across campus and at several off campus instructional sites; the portable electronic defibrillators should preferably be used by an appropriately trained individual. First Aid kits and AEDs are marked on campus evacuation maps.
